

Christopher Mems

Full Stack Software Engineer

Earle, AR | 870-771-5448 | Christopher.mems@yahoo.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

I am a Software Engineer with experience in coding languages such as CSS, HTML, JavaScript, and React. I interact with clients to gather key details so that I may use my engineering skills to turn their ideas into reality. With my passion for helping people and solving problems, Software Engineering gives me the ability to create change and be a contributor to a team in generating solutions.

SKILLS

- Programming Languages: HTML, CSS, JavaScript, React
- Frameworks: Bootstrap, Express, Node.js
- Databases: MongoDB

RELEVANT EXPERIENCE

Software Engineering Immersive | General Assembly | Remote | August 2022 – Present

Successfully completed 500+ hours of expert led instruction in HTML, CSS, JavaScript, and hands on learning of database fundamentals and the industry's most in demand technologies. Developed projects, including:

- The Flyers Club: HTML, CSS, JavaScript - The Flyers Club is a community where people who share a passion for aviation can meet and share their fun adventures or discuss changes in the world of aviation. [\[GitHub Repository\]](#) [\[Deployed Link\]](#)
- Connect Four: HTML, CSS, JavaScript - A two player game in which the players take turns dropping a circular game piece into a vertical board with the winner being determined by the first player to connect four of their circular game pieces. [\[GitHub Repository\]](#) [\[Deployed Link\]](#)
- Tic-Tac-Toe: HTML, CSS, JavaScript - A two player game of X's and O's where the winner is the first player to have either 3 X's or 3 O's in a row. [\[GitHub Repository\]](#) [\[Deployed Link\]](#)
